# How to use
Research Pass tokens
## to access Emerald content

1

Type in your key search terms or the article/chapter name.

2

Click on the highlighted 'click here' to see how you can get access.
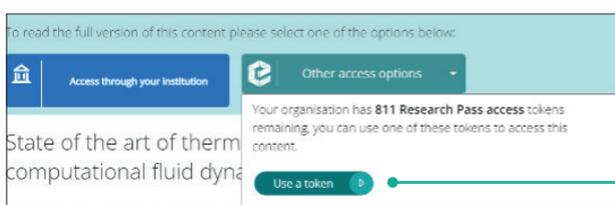

3

If you're not already logged in, or authenticated through your IP address, you'll need to log in or register for a profile.

4

If you need to register for a profile, click 'Register here', then fill in this form. If your organisation has an 'Organisation Access Number' (OAN) add this in and your profile will be associated with it. If not, you will need to ask your account administrator to associate your profile with your organisation.

5

Once you're logged in, you should be able to see how many tokens your institution or organisation has. Just click 'Use a token' to access the content.
